The Statewide Voice for New York's
Hospitals and Health Systems

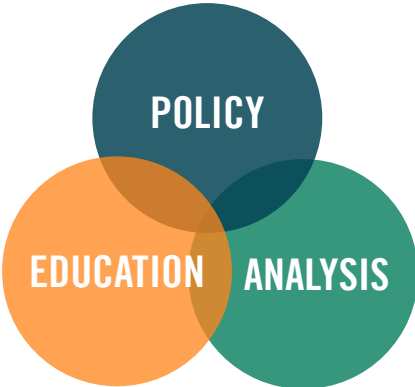

Our members

Almost 20 million New Yorkers are served by HANYS nonprofit and public member organizations:

Membership-driven

HANYS values close member partnerships to ensure that our policy agenda and activities reflect the needs of our members. HANYS collaborates and engages with our member executives and staff through committees, task forces, one-on-one member site visits and customized presentations covering a wide variety of health finance, quality, governmental affairs and regulatory priority issues.

Our expert staff, data resources, grassroots advocacy, extensive clinical and operational experience and political acumen enable us to positively influence the outcome of important health policy debates in Albany and Washington. We are constantly working to provide the resources and guidance our members need to lead their organizations.

Message from the President

Marie B. Grause, RN, JD | President, HANYS

Now entering our 99th year, HANYS continues to support and serve our members as they strive to deliver patient-centered, compassionate and equitable care in their communities. Our members face a national healthcare worker shortage, uncontrollable expense increases, fewer places to safely discharge patients, concurrent public health crises, aging infrastructure and market changes that leave hospitals increasingly serving only the sickest and most vulnerable patients.

HANYS is actively engaged on all fronts to protect and strengthen our member nonprofit and public

hospitals, health systems and continuing care providers in this evolving environment. We achieve our mission through aggressive federal and state advocacy agendas, data-informed solutions and by fostering dialogue and education within our membership and beyond.

We invite you to reach out for further discussion on how HANYS can best support your organization and community. Feel free to give us a call at 518.431.7765 or email us at bgrause@hanys.org. We look forward to collaborating with you for the benefit of healthcare providers in New York.

WHAT WE DO

Leading healthcare advocacy

State governmental affairs

HANYS' state governmental affairs team leads the strategic development of our state legislative policy agenda in Albany, including advocacy on budget, legislative and regulatory issues. HANYS works with key advocacy partners and coalitions to advance proactive policies that support our members.

Federal governmental affairs

With an office based in Washington, D.C., HANYS' federal governmental affairs team advocates to protect hospitals and healthcare systems from reductions and negative policy changes to Medicare and Medicaid, while seeking to enhance and improve federal programs impacting our members. HANYS and our federal advocacy partners, including the American Hospital Association, Association of American Medical Colleges and others, leverage members' grassroots advocacy and strong relationships with New York's congressional delegation to impact public policy debates.

Premier educational programs

HANYS offers high-quality educational programming to healthcare professionals across the continuum of care. Our programs are delivered by industry experts and HANYS staff to help our members succeed in today's era of healthcare transformation.

Expert policy analysis

With extensive knowledge, experience and specialized skill sets in the areas highlighted below, our policy experts work side by side with members to support and advance healthcare in New York state. We are available around the clock to provide one-on-one support to members.

- Finance and Analytics
- Managed Care and Insurance
- Quality
- Regulatory Affairs
- Behavioral Health
- Emergency Preparedness
- Health Information Technology
- Workforce Development
- Community Health
- Rural Health
- Healthcare Governance
- Post-Acute Care
- Delivery System Reform
- Legal and Compliance
- Health Equity

OUR PARTNERS

HANYS has strong relationships, strategic partnerships and overlapping membership with allied hospital and healthcare associations:

Greater New York Hospital Association

Nassau-Suffolk Hospital Council

Northern Metropolitan Hospital Association

Suburban Hospital Alliance of New York State

Iroquois Healthcare Alliance

Healthcare Association of Western and Central New York, Inc.

Northern New York Hospital Association

At the national level, HANYS has a strategic alliance with the American Hospital Association, which strengthens our federal advocacy on behalf of New York’s healthcare providers.
