

# PUBLIC HEALTH WORKS!

**Marianne Stone**  
**Community Sanitarian**  
Albany County Health Department

- Inspects local restaurants, schools and fairs to make sure that food is properly prepared and stored
- Examines public swimming pools and beaches to prevent illness and injury
- Checks homes of children at high risk of lead poisoning
- Performs inspections of safety plans, food services and swimming areas at children's camps
- Enforces smoking laws to clean indoor air
- Works with homeowners and water suppliers to assure safe drinking water

Marianne Stone is how

# PUBLIC HEALTH WORKS!

Public Health is Working  
Every Day to Keep You  
and Your Family Healthy!
