

### 61st Assembly District | Charles Fall

New York's Hospitals and Health Systems Improve the Economy and Community

# **Economic and Community Benefits**

### **Economic activity** \$1,124,000,000

The economic activity generated by hospitals through jobs and the purchase of goods and services makes up 10.3% of the state's entire gross domestic product.[1]

## **Payroll expenditures** \$341,000,000

New York hospitals' #1 investment is in their people, including direct salary and benefits to their employees.[4]

### **Jobs generated** 4,900

Hospitals and health systems are often the largest employers in communities, generate many more jobs and are top 10 private sector employers in every region of New York. [2]

# Tax dollars generated

\$220,000,000

New York hospitals generate significant tax dollars and stimulate the economies of local communities and the whole state.[3]

#### **Community benefits and investments**

\$58,000,000

Adhering to their charitable mission, hospitals cover the cost of care provided to people in need; subsidize care and services to low-income, elderly and under-served communities; and continuously invest in many community health initiatives. [5]

### ♣ Patients Served

**Outpatients** provided care

283,000

People treated in the emergency room

54,000

People admitted to hospitals

14,000

**Babies** delivered

2,900

Hospitals serve patients in their communities 24/7, 365 days a year. [4]

### Patients covered by Medicare and Medicaid

In this district, Medicare and Medicaid patients make up:

- 63% of all people admitted to hospitals
- 68% of all outpatients provided care

70% of hospital patient service revenue in this district comes from Medicare and Medicaid. This is a result of the large volume of services being reimbursed by Medicare and Medicaid, which do not cover the cost of care, driving significant underpayment from these public insurance programs. [4]

This report includes data from the following:

• Richmond University Medical Center

#### Data sources:

- Data are mainly from 2023 New York state hospital cost reports and the 2022 RIMS II multipliers. The New York State GDP is from the Bureau of Economic Analysis.
- Data are mainly from 2023 New York state hospital cost reports and the 2022 RIMS II multipliers. Private sector employment information is from the NYS DOL.
