New York's Hospitals and Health Systems Improve the Economy and Community

Economic and Community Benefits

Economic activity**\$1,563,000,000**

The economic activity generated by hospitals through jobs and the purchase of goods and services makes up 10.3% of the state's entire gross domestic product.^[1]

Jobs generated**7,000**

Hospitals and health systems are often the largest employers in communities, generate many more jobs and are top 10 private sector employers in every region of New York.^[2]

Tax dollars generated**\$258,000,000**

New York hospitals generate significant tax dollars and stimulate the economies of local communities and the whole state.^[3]

Payroll expenditures**\$441,000,000**

New York hospitals' #1 investment is in their people, including direct salary and benefits to their employees.^[4]

Patients Served

Outpatients provided care**603,000****People treated in the emergency room****146,000****People admitted to hospitals****18,000****Babies delivered****1,500**

Hospitals serve patients in their communities 24/7, 365 days a year.^[4]

Patients covered by Medicare and Medicaid

In this district, Medicare and Medicaid patients make up:

- **88%** of all people admitted to hospitals
- **65%** of all outpatients provided care

80% of hospital patient service revenue in this district comes from Medicare and Medicaid. This is a result of the large volume of services being reimbursed by Medicare and Medicaid, which do not cover the cost of care, driving significant underpayment from these public insurance programs.^[4]
