

Economic and Community Benefits

Economic activity**\$274,000,000**

The economic activity generated by hospitals through jobs and the purchase of goods and services makes up 10.3% of the state's entire gross domestic product.^[1]

Jobs generated**1,800**

Hospitals and health systems are often the largest employers in communities, generate many more jobs and are top 10 private sector employers in every region of New York.^[2]

Tax dollars generated**\$42,000,000**

New York hospitals generate significant tax dollars and stimulate the economies of local communities and the whole state.^[3]

Payroll expenditures**\$98,000,000**

New York hospitals' #1 investment is in their people, including direct salary and benefits to their employees.^[4]

Community benefits and investments**\$31,000,000**

Adhering to their charitable mission, hospitals cover the cost of care provided to people in need; subsidize care and services to low-income, elderly and under-served communities; and continuously invest in many community health initiatives.^[5]

Patients Served

Outpatients provided care**338,000****People treated in the emergency room****27,000****People admitted to hospitals****4,700****Babies delivered****400**

Hospitals serve patients in their communities 24/7, 365 days a year.^[4]

Patients covered by Medicare and Medicaid

At this hospital, Medicare and Medicaid patients make up:

- **82%** of all people admitted
- **65%** of all outpatients provided care

61% of this hospital's patient service revenue comes from Medicare and Medicaid. This is a result of the large volume of services being reimbursed by Medicare and Medicaid, which do not cover the cost of care, driving significant underpayment from these public insurance programs.^[4]
