

Economic and Community Benefits

Economic activity**\$28,654,000,000**

The economic activity generated by hospitals through jobs and the purchase of goods and services makes up 10.3% of the state's entire gross domestic product.^[1]

Jobs generated**125,000**

Hospitals and health systems are often the largest employers in communities, generate many more jobs and are top 10 private sector employers in every region of New York.^[2]

Tax dollars generated**\$6,534,000,000**

New York hospitals generate significant tax dollars and stimulate the economies of local communities and the whole state.^[3]

Payroll expenditures**\$11,003,000,000**

New York hospitals' #1 investment is in their people, including direct salary and benefits to their employees.^[4]

Community benefits and investments**\$2,689,000,000**

Adhering to their charitable mission, hospitals cover the cost of care provided to people in need; subsidize care and services to low-income, elderly and under-served communities; and continuously invest in many community health initiatives.^[5]

Patients Served

Outpatients provided care**3,500,000****People treated in the emergency room****890,000****People admitted to hospitals****313,000****Babies delivered****31,000**

Hospitals serve patients in their communities 24/7, 365 days a year.^[4]

Patients covered by Medicare and Medicaid

In this system, Medicare and Medicaid patients make up:

- **66%** of all people admitted to hospitals
- **58%** of all outpatients provided care

39% of hospital patient service revenue in this system comes from Medicare and Medicaid. This is a result of the large volume of services being reimbursed by Medicare and Medicaid, which do not cover the cost of care, driving significant underpayment from these public insurance programs.^[4]
