

## St. John's Riverside Hospital

New York's Hospitals and Health Systems Improve the Economy and Community

### Economic and Community Benefits

**Economic activity**  
**\$616,000,000**

The economic activity generated by hospitals through jobs and the purchase of goods and services makes up 10.3% of the state's entire gross domestic product.<sup>[1]</sup>

**Jobs generated**  
**3,400**

Hospitals and health systems are often the largest employers in communities, generate many more jobs and are top 10 private sector employers in every region of New York.<sup>[2]</sup>

**Tax dollars generated**  
**\$141,000,000**

New York hospitals generate significant tax dollars and stimulate the economies of local communities and the whole state.<sup>[3]</sup>

**Payroll expenditures**  
**\$229,000,000**

New York hospitals' #1 investment is in their people, including direct salary and benefits to their employees.<sup>[4]</sup>

**Community benefits and investments**  
**\$41,000,000**

Adhering to their charitable mission, hospitals cover the cost of care provided to people in need; subsidize care and services to low-income, elderly and under-served communities; and continuously invest in many community health initiatives.<sup>[5]</sup>

### Patients Served

**Outpatients provided care**  
**282,000**

**People treated in the emergency room**  
**39,000**

**People admitted to hospitals**  
**16,000**

**Babies delivered**  
**1,100**

Hospitals serve patients in their communities 24/7, 365 days a year.<sup>[4]</sup>

### Patients covered by Medicare and Medicaid

At this hospital, Medicare and Medicaid patients make up:

- **88%** of all people admitted
- **75%** of all outpatients provided care

**74%** of this hospital's patient service revenue comes from Medicare and Medicaid. This is a result of the large volume of services being reimbursed by Medicare and Medicaid, which do not cover the cost of care, driving significant underpayment from these public insurance programs.<sup>[4]</sup>

# Hospitals Included

---
