

Economic and Community Benefits

Economic activity**\$19,788,000,000**

The economic activity generated by hospitals through jobs and the purchase of goods and services makes up 10.4% of the state's entire gross domestic product. ^[1]

Jobs supported**78,000**

Hospitals and health systems are often the largest employers in communities, generate many more jobs and are top 10 private sector employers in every region of New York. ^[2]

Tax dollars generated**\$3,869,000,000**

New York hospitals generate significant tax dollars and stimulate the economies of local communities and the whole state. ^[3]

Payroll expenditures**\$6,736,000,000**

New York hospitals' #1 investment is in their people, including direct salary and benefits to their employees. ^[4]

Community benefits and investments**\$2,739,000,000**

Adhering to their charitable mission, hospitals cover the cost of care provided to people in need; subsidize care and services to low-income, elderly and under-served communities; and continuously invest in many community health initiatives. ^[5]

Patients cared for

Outpatients provided care**3,200,000****People treated in the emergency room****563,000****People admitted to hospitals****182,000****Babies delivered****23,000**

Hospitals serve patients in their communities 24/7, 365 days a year. ^[4]

Patients covered by Medicare and Medicaid

In this district, Medicare and Medicaid patients make up:

- **65%** of all people admitted to hospitals
- **62%** of all outpatients provided care

56% of hospital patient service revenue in this district comes from Medicare and Medicaid. This is a result of the large volume of services being reimbursed by Medicare and Medicaid, which do not cover the cost of care, driving significant underpayment from these public insurance programs. ^[4]
